Ana Maria Loureiro Da Seca PhD

Assistant Professor  
Department of Chemistry  
University of Azores  
[Address:Portugal](#)

## Biography

Research Interests

Publications

Scientific Activities

Ana M. L. Seca has a degree in Chemistry and a Ms in Science and Technology of Paper and Forest Products both obtained at the University of Aveiro, Portugal, where she also received her PhD in Chemistry in 2000. Since then she is Assistant Professor in University of Azores (Portugal). Her main interests concern the isolation and identification of biologically active secondary metabolites, focusing on medicinal plants. She has high interest also in the cytotoxic and anti-acetylcholinesterase evaluation and in the synthesis of natural derivative compounds.
